

Spend Management Solutions

Overview

If you want to improve spend control, compliance, efficiency and achieve cost-savings, you've got to have a solid spend management process:

- ⦿ Execution of approval flows.
- ⦿ Knowledge of your obligations.
- ⦿ Comply with all legal requirements and accounting rules.

- ⦿ Paperless ordering and paperless invoicing.
- ⦿ Automatic invoice matching.
- ⦿ Automated purchasing procedures.

- ⦿ Buy from preferred/contracted suppliers.
- ⦿ Use 100% of the savings potential of your sourcing.
- ⦿ Daily monitoring of all your spend.

When you think about transforming your spend management processes, think about the big picture:

Improving your bottom-line by reducing cost and increasing value while **bringing your procurement, finance and business teams together** as one.

Your entire organization will run more efficiently, more effectively and more successfully to achieve its overall mission.

That's exactly what our Spend Management solutions are designed to do.

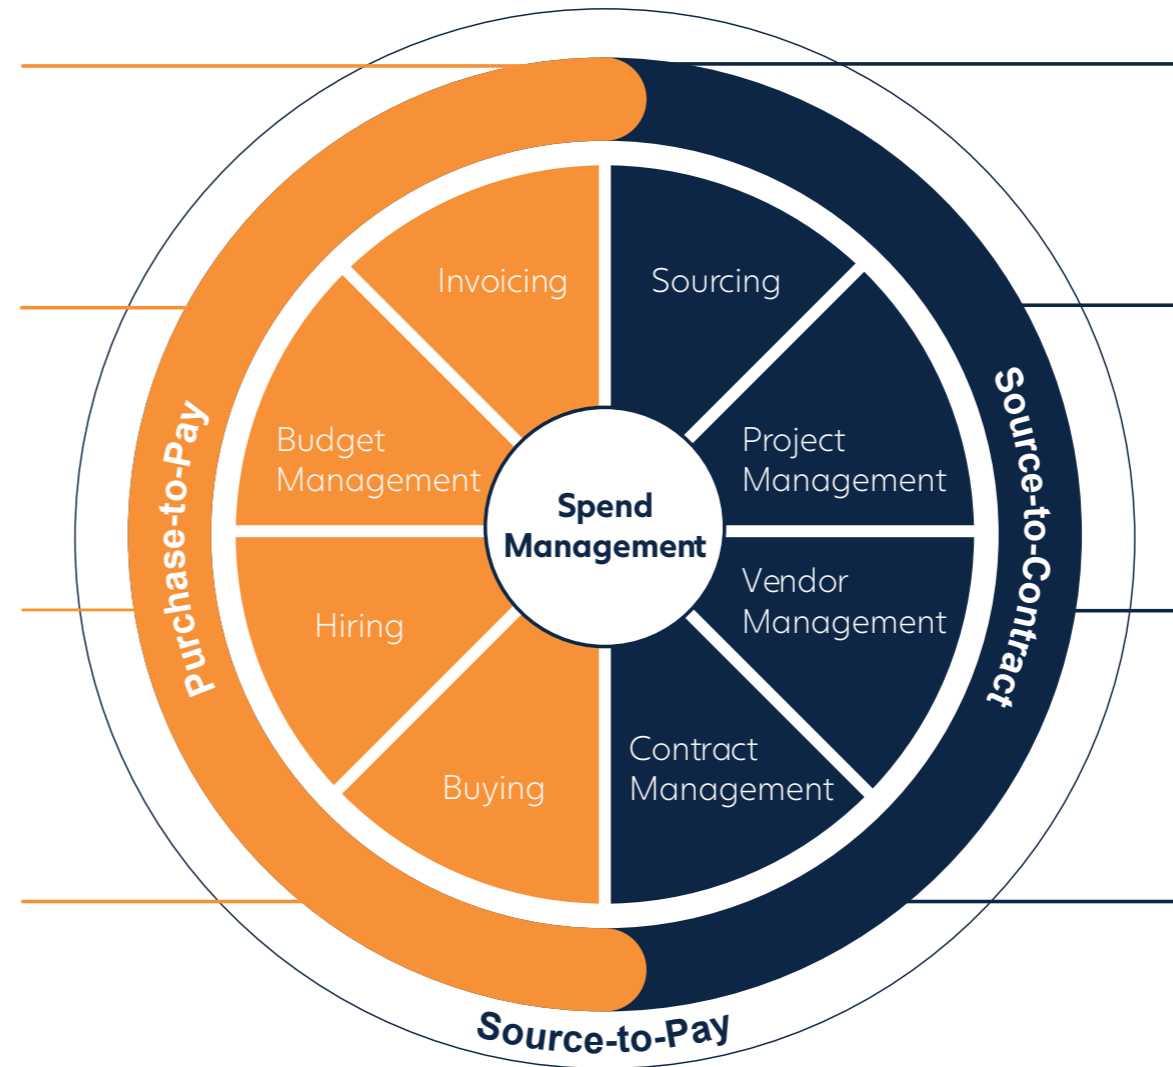

From sourcing projects, contract management and procurement transactions to supplier collaboration and automated invoice processing, **our integrated spend management solutions provide a platform for managing and controlling all purchasing and spend.**

Optimize the whole process from receipt up to passing for payment of invoices

Real-time insight into budgets using clear dashboards and reports

Grip on hiring flexible staff, from personnel request and contracting to timekeeping and invoice processing

Accelerate the PSP process, prevent unauthorized purchases and gain budget control

Market consultations (RFI), request for proposals (RFQ/RFP) or online auctions including a transparent audit trail

Standardization and more efficient projects using templates

Insight into up-to-date vendor profiles and objective performance assessment based on defined KPIs

Effective monitoring and management of contracts (compliance)

Our comprehensive family of configurable solutions can be used end-to-end or standalone, and are underpinned by a range of Expert Services:

- 🌀 **Managed Sourcing Services**
Gain greater value in more categories in less time.
- 🌀 **Catalog Management**
Get suppliers on board easily, while efficiently managing catalogs.
- 🌀 **Invoice Capture Service**
Drive down costs and increase 'straight-through' processing.
- 🌀 **The Business Network**
Make all forms of interaction and commerce faster, easier and more cost effective.
